KNE Epoxy Painted Terminal Head

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockings of Thermocouple Cables. The Company has been trading since 1971 and is ISO9001 accredited.

Many alternative types of terminal heads are available to meet the requirements of various applications.

Variations exist in size, material, accommodation, resistance to media, resistance to fire or even explosion and in other parameters.

KNE Epoxy Painted Terminal Heads offer robust protection for electrical connections, with the added benefit of an epoxy coating that enhances durability and corrosion resistance.

These terminal heads are ideal for a variety of applications, including industrial automation, chemical processing, food and beverage, and outdoor installations.

Proper installation and regular maintenance ensure reliable performance and long-term protection of sensitive electrical components.

Specifications

Specifications

Product Code	XE-3837-001
Head Type	KNE Standard Head
Material	Aluminium Epoxy painted
Cable Entry	M20 x 1.5mm
Fixing (Centres)	33mm & 40mm
Max. Temperature	170°C
IP Rating	IP67 rated
Process Entry	1/2 ” BSPP
Cap Retaining Type	Screw cap and retaining screw
