B Terminal Head

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockings of Thermocouple Cables. The Company has been trading since 1971 and is ISO9001 accredited.

Many alternative types of terminal heads are available to meet the requirements of various applications.

Variations exist in size, material, accommodation, resistance to media, resistance to fire or even explosion and in other parameters.

B Terminal Heads are essential components in industrial and process control applications, providing durable and reliable protection for electrical connections.

Their robust construction, material versatility, and standard design make them suitable for a wide range of environments and applications.

Proper selection, installation, and maintenance of B Terminal Heads ensure effective performance and long-term durability, safeguarding critical sensor connections in various industrial settings.

Specifications

Specifications

Product Code	XE-3834-001
Head Type	B Terminal Head
Material	Aluminium / die casting
Cable Entry	PG16
Fixing (Centres)	33m
Max. Temperature	170°C
IP Rating	IP67 rated
Process Entry	1/2 ” BSPP
Cap Retaining Type	Cap with retaining screws
Series	Terminal Heads
