N Terminal Head

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockings of Thermocouple Cables. The Company has been trading since 1971 and is ISO9001 accredited.

Many alternative types of terminal heads are available to meet the requirements of various applications.

Variations exist in size, material, accommodation, resistance to media, resistance to fire or even explosion and in other parameters.

"N" type terminal heads made from black nylon are widely used as durable, cost-effective alternatives to metal options, especially in standard temperature and general industrial environments. Nylon 6.6, the typical material, offers excellent electrical insulation, high impact strength, and good resistance to many chemicals and oils.

Specifications

Specifications

Product Code	XE-4130-001
Head Type	N Terminal Head
Material	Nylon Black Head
Cable Entry	M20
Fixing (Centres)	33mm
Max. Temperature	90°C
IP Rating	IP54 rated
Process Entry	1/8” BSPP
Cap Retaining Type	Screw Cap Lid with Rubber Gasket
